Dear Tom:

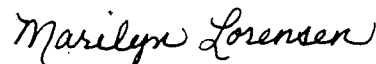

Our sincere thanks go out to Dr. Decibel & the Sound Prescription for performing in our *Concerts in the Park* summer series on August 10 in the Brigham Young Historic Park.

What a fun evening of great entertainment! Even with the rainy weather, everyone had a great time. You were real troopers and didn't let the weather dampen your energy. Good thing for tarps, eh?

The audience loved your music and enjoyed "going back in time" as you played the classics of the rock and roll era. Your vocals were great...at times even sounding like the original artists.

Again, thank you for participating in our summer concert series and for sharing your musical talents with us and the community.

Sincerely,

Marilyn Lorensen
